Student Sponsorship Opportunity

HEA member, Katrinet Sims sponsors a chapter of Future Teachers of America. Her students made award winning presentations at their annual conference. They have been invited to make these presentations again at the School Superintendents of Alabama Conference. The sponsors seek to provide their students with an opportunity to learn and engage with likeminded current educational leaders.

However, FTA needs financial assistance to make this happen. The group is in need of \$1996.04 for housing. If you would like to make a personal contribution to help FTA, it would be appreciated. Checks can be made out to **Education and Training Program**. You can send them in school mail **c/o Zac McWhorter, Chapman Middle, Career and Technical Education**.

Dear HEA Members,

Thank you for allowing me to serve you this school year. It has been my honor to work with you towards a better HEA. I sincerely hope the updated website and digital newsletter have helped you find information when needed. Thank you for attending our zoom meetings, however I do hope we can return to in-person meetings next year. The energy that comes from in-person meetings has been missed.

Thank you for all you do for our students. You make a difference each and every day in their lives. Sometimes the only kind word they hear is from you. Thank you for encouraging and helping your co-workers. There is nothing like knowing someone has your back.

May this summer bring you the rest you need. May you catch up with friends and family that you have been separated from. May you be renewed and readied for a new school year.

Sincerely,
Jennifer Prince
HEA President 2021-22
